ORE. EXPRESS STALLED HERE

The Oregon Express, No. 2016, engine 3001, north bound, was delayed for more than an hour in the Richmond yards of the Southern Pacific last night, when in getting under way from the regular stop here shortly after 10 p. m., the left main driving piston was snapped off and the head of the steam chest was blown off.

A hurry call was sent to the Oakland round house for another engine. The local switch engine shunted the long express onto the side tracks. Two engines arrived from Oakland, one to continue with the express on the way north and the other to take the crippled engine back to the terminal roundhouse.

An investigation showed the piston to be two-thirds crystalized.

CHANGES WERE MADE IN NOTE

WASHINGTON, June 12.—State department officials this afternoon voluntarily corrected the impression that the next of America's latest note to Germany was not changed between the time William J. Bryan resigned as secretary of state at the Cabinet meeting Tuesday and the time he ceased his duties on Wednesday.

The facts were that certain changes were made after Mr. Bryan resigned, but they were made before he left the office.

The character of the changes was of such importance that state department officials flatly refused to discuss them.

Indications this afternoon were that the appointment of Henry Lansing as secretary of state ad interim was given him with the implied promise that he would be made secretary for the remainder of Wilson's administration.

It was officially declared that no counsellor for the state department would be appointed until a new secretary is named.

POLICE SEEK GIRL AND ABDUCTOR

Nicholas Pappas, formerly of the Dewey Cafe, 234 Macdonald avenue, yesterday morning is thought to have abducted the 16-year-old daughter, Mary, of Mr. and Mrs. J. Titens of Nichols, near Martinez. In the belief that he is a member of a white slave ring of San Francisco the transbay police as well as the Contra Costa and Alameda county officials, are keeping a close lookout for him.

A few weeks' wooing by the wiley Greek ended in the elopement, which was discovered by the parents yesterday morning, when in entering her room a note was found. It read:

"Am going away with a friend. May stop in Alameda. Don't look for me. Good bye. With love, Mary."

When the news flash entered the local station Policeman Roy Kraemer recognized the description to be that of the Greek formerly at the Dewey Cafe. His local haunts were searched, but no recent traces of him were found.

According to Titens, Pappas has all of the earmarks of the mixquereaux. He several times forbid Pappas to come to the house, and told the girl to shun him. However, Pappas' jewels, and gifts, won the girl away from her parents and elopement was the culmination.

He claims membership in the Odd Fellows, the Masons and the Elks.

The other man arresteh Friday night by Eigenman is H. A. Daniels. He has been identified according to Bertillion Expert Phillips, as a man who was paroled from San Quentin the first of this year.

S. F. UNIONS TO PLAN PEACE CELEBRATION

Union labor in San Francisco, at the suggestion of Supervisor Andrew J. Gallagher, and supported by the citizens' committee appointed by Mayor Rolph, has taken steps to inaugurate a campaign in the interest of "world peace" and telegrams to this effect have already been dispatched to President Wilson and Samuel Gompers president of the American Federation of Labor. A monster demonstration, styled "Thanksgiving of Peace," is planned for July 4, in which trades unionists of the city will co-operate with the citizens' committee in a great peace pageant.

The telegram to President Wilson, drafted and signed by Andrew J. Gallagher, past president of the Labor council, reads in part:

"With others, I solicit and plead for your co-operation so that this country on the day set apart for the celebration of the fight for libedty may have in mind the great lessons learned through that struggle and resolve that every possible energy will be exerted against war as an exemplification of our hope that your handling of the situation may be productive, not only of national, but of world peace."

TREE BOARD TO MEET ON THURSDAY

The tree planting commission created by the city council several months ago with complete plans for the tree planting crusade at a meeting to be held in the Schram realty office next Thursday evening.

Since their creation the commission has compiled lists of trees to be planted in the various sections of the city. Expert horticulture advice has been secured on this work, and the trees have been selected from a large variety with a view to adaptability to the climate, beauty and hardiness.

The permanent plan will be adopted in paying for the cost of the trees and the work of planting.

The cost would be so great that it would be impracticable to include it in the budget to be compiled in July.

As planting of the trees cannot begin hntil next fall the members of the commission have time for several meetings, and plan to devote much time to a further consideration of the various plans suggested by the people of Richmond.

T. B. Jackson is the chairman of the commission, Mrs. Fred Schram secretary, Lee D. Windrem legal adviser, Andrew Summers and Mrs. Lee Adams.

BE CONSISTENT.

We have often wondered why people are so inconsistent! It has many times gone beyond our comprehension to note how employers are using the increases in the cost of living as an excuse to obtain better prices when negotiating with prospective customers while at the same time they so strenuously objeit to listen to the arguments of their employes when they ask for a reasonable and just increase on account of the very same reasons.

Why can employers not be consistent? Why are they always using the various increases as a vehicle to gain better prices and at the same time forget entirely the fact that their employers are forced to stand for the steady increases in foodstuffs, etc.?

It cannot be that in the anxiety to gain riches business people become entirely blind to the needs of those through whose efforts they are enabled to make a good living! It cannot be that the employer considers himself still in the age of "slavery" and believes that he is the "dictator" and that the workingmen are his absolute property and have to take what is offered to them!

As a natural result of the unreasonable increase in foodstuffs and other living expenses, all crafts are asking for increases of wages and, while in many instances their reasonable requests were immediately acceded to, there have been some employers who openly boasted that they would bring outside labor into the city rather than submit to the demands of their employes—even though these demands are known to be justified.

"Consistency! thou art a jewel" should be the only motto of justice-loving people and we hope that employers will soon come to the conclusion that the time of slavery is long gone and that employes are just as human, just as much entitled to be properly protected from the increases of living expenses as they themselves. And when that time comes, harmony between labor and capital is assured. —The Bridgemen's Magazine.

A SUFFICIENCY.

This paper is not very enthusiastic about having another special day at the Exposition.

We do not think that the local merchants are very enthusiastic about it, either.

We boosted for Contra Costa day at the Fair. That day was just as much a Richmond day as the county day.

Once was all right. It was fitting, perhaps, that the county should have a special celebration at the greatest of Expositions. It was fitting that for one day a great part of the population of Richmond attend the Exposition together.

True, a tight wad town never became well advertised. But we don't quite see what another day at the Exposition will do for Richmond.

Local merchants find it rather hard to smile cheerfully while the population heads for San Francisco on a Saturday.

PATRIOTS.

"Outside" patriots are irritating. An American who professes pride in his country and who chooses to live in Paris, or the Richmond booster who lives in San Francisco, are neither genuine.

The people live in Richmond and the big "boosters" come over once a month from San Francisco, paternally give us the "once-over" and direct us where to locate our city halls, etc.

Shorten Work Day.

At Rock Island, Ill., after locking out nearly 200 employes, contracting carpenters and the Carpenters' District Council settled differences through arbitration. The same wage—55 cents an hour—is agreed to, but the workers secured a half Saturday off the entire year. Heretofore, the half holiday only applied to certain months. The contract signed will be in force for two years. These workers now have a 44-hour week.

Brewery Workers Strike.

At Wilmington, Del., the labor movement is supporting brewery workers who are striking rather than accept the non-union shop and abandon the collective principle of bargaining between employer and employe. The workers asked that the contract in force for three years be renewed, with a $1 weekly increase. The counter proposal of the employers is so objectionable that a strike was agreed to by a vote of 30 to 1.

My Dear Doctor Chan:

I am more than pleased to be able per mon:
to endorse your effective method of herb healing. With a painful attack of acute muscular rheumatism, after having tried Swedish Massage and later the remedies of a well-known specialist, I came to you on the advice of Mr. Shoong, proprietor of the China Toggery, who stated that you were the best Chinese practitioner he knew.

With some apprehension as to your ability to accomplish what the others had severally failed in, I commenced taking your herb teas, with the result that in a few weeks I found not only that the rheumatism has been eliminted, but along with it indigestion and a long standing constipation which had threatened to become chronic. It will always be a pleasure to recommend you to my friends, as I have already done in many instances, feeling confident that in any case where you state you can cure a cure will be accomplished through your remedies. Very truly yours. H. R. HURLBUT.

ORPHEUM BILL AT THE RICHMOND

With stars from the Orpheum and Ye Liberty in the leading roles, "The Nevada Sheriff," a comedy playlet, will be presented today at the Richmond theater, heading a Sunday vaudeville bill which is replete with great acts from start to finish. The play, which by the way is not a motion picture but presented with living actors is a very funny production and a laugh producer!

Charles YYaYle who plays the title role has just has just completed a tour of the Orpheum circuit. Miss Porter and Max Wairman have been with the Ye Liberty Stock Company of Oakland and Robert Lawler has just returned from a featured tour of the Pantage Circuit.

The rest of the bill will include Fanny Purcell, the exceptional coon shouter; Davis and Pollard, "a couple of nuts"; Lottus and Hatch present a short sketch "At the Stage Door," and there will be four reels of pictures, making one of the greatest and most interesting shows ever put on by the local playhouse.

H. G. BIGGS TO BE IN PROGRAM FOR FLAG DAY

The most notable celebration of Flag Day in the bay cities will be held this afternoon at the Berkeley Greek theater at 3 o'clock. Exalted Ruler H. G. Biggs of the local Elks will be in charge of the eighth number of the lengthy program, "The Building of the Floral Liberty Bell."

The exercises are free to the public, and the merit of the former celebrations of this new national holiday in the Greek theater, has spread so that seating room is expected to be taxed this afternoon.

"WAR", SUBJECT OF ADDRESS IN TENT

Beginning a long list of lectures in the tent located at Sixth and Macdonald, Evangelist A. S. Marchus will this evening speak on "War."

GOVERNMEOT PUTS THOUSANDS TO WORK.

The employment bureaus recently organized by the Federal and state governments have made successful progress, according to reports filed by the heads of these organizations. Thousands of men and women formerly unable to obtain employment of any kind have found positions waiting for them on making applications. In view of the fact that the work of the two bureaus has not yet been systematized on a nation or state wide basis, the results so far accomplished are considered all the more satisfactory.

The first report made in connection with the operations of the Federal Employment Bureau, which was inaugurated by the Department of Labor in co-operation with the Agricultural and Postoffice Department, shows that during the months of February and March 1245 persons were put to work through the government's agents.

Reports from field agents engaged in the employment work are reaching the Department of Labor from every section of the country.

More than 16,000 applicants for work registered at the New York State Labor Department's employment bureau up to April 1, according to the statement issued recently by Commissioner Lynch. Out of this number over 4000, or more than 25 per cent, received positions. Of the number that have applied for work since the bureau was established 13,482 were males, and of the number that were sent out to work 2546 were men and 1764 were women. The majority of those who applied for work sought positions in the metal and machinery trades, while building and construction came next, followed by domestic and personal service and professional in the order named.

Since the State Employment Bureau has been opened thede have been calls for 3488 workers from 2329 employers. The gratest demand was for domestic and personal service, the total being 832. There were 422 calls from the metal and machinery trades, 390 calls for farm help, and requests were made for 345 workers in the building and construction industry.

TOMORROW ENDS LICENSE TIME

Tomorrow noon is the closing hour for the filing of applications for renewals of retail and wholesale liquor licenses.

SPORT DIARY

HAPPENINGS IN THE SPORTING WORLD . . .

"Today We Do It" Luce

Richmond fans have waited months for today.

Today Richmond will beat Petaluma the second time. Petaluma has downed Richmond five times, and the locals have turned the trick but once.

But "The weim will win."

Rooting from the grandstand helps the players. Four hundred loud crowing rooters and shrill clucking hens will be down to cheer for their Sego Hen prides this afternoon. They began arriving yesterday afternoon, and the big delegation will arrive at noon today.

Richmond will not be outnumbered or out-noised in its home town.

By such figuring there will be over a thousand rabid fans in Luce Park this afternoon when Umpires Woods and Hayes calls the session to order.

RITCHIE TO BOX HENRY HENDRICKS WEDNESDAY, 23RD

Wednesday, June 23, Earl Ritchie will box Henry Hendricks of San Francisco in the Richmond rink.

Hendricks has considerable reputation in San Francisco, where he has been boxing main events at Dreamland Rink.

This will be the second time Ritchie and Hendricks have met in the ring. In January Hendricks lost to the local boy by a foul in the first round.

Hendricks has won decisions from George Pappas three times and knocked him out once. Ritchie boxes Pappas in the main event at Dreamland Rink next Friday. The following Wednesday he will box in Richmond.

Hendricks K. O.'d Dick Parnell, won a decision from Oscar Petersen and K. O.'d Larry Fitzgerald in the second. He is reputed to be a comer, and will undoubtedly make Ritchie show what he has.

ELEVEN INNINGS IN SANTA FE-BARACA GAME

True to last season's form, and to predictions made yesterday morning, the game between the Baracas and the Santa Fe, played on the Luce Park grounds yesterday afternoon, became an extra inning affair. The Railroad boys took the game after an eleven-inning argument by the score of 3 to 12.

In the seventh the game stood 7 to 4 in favor of the Santa Fes, when four more solid trips put the Baracas in the lead. In the ninth the Santa Fes tied the score again. McAllister, who had been hurling stellar ball for the Railroaders, was relieved by Montoya. It was not until the eleventh that the Santa Fes got into Emerson Garrard's slants for any runs, and then they made four in a bunch. A large crowd was present.

LESSER STARS IN GOOD GAMES THIS AFTERNOON

RUSS DESTROYER SUNK BY TURKS

While the Russian situation today held chief interest, other phases of the war were marked by developments regarded as significant. The summarized claims follow:

RUSSIA: Petrograd reports the capture of 9500 Teutons, the annihilation of an entire enemy division and the capture of towns on the Dniester in the counter smash which is said to have saved Lemberg from capture by the Germans.

THE DARDANELLES: A Russian destroyer has been sunk in the Black Sea by the Turkish cruiser Midulle, formerly the Breslau, says Constantinople. Heavy loss is reported in the land fighting.

ITALIAN CAMPAIGN: Three battles are raging on the Isonzo. Besides Monfalcone, Gradisca and Reverto, hundreds of villages have been captured, says Rome.

WESTERN THEATER: Steady progress claimed by French; Berlin says no is held.

THE RIVER WARFARE: Renewed attacks are made on shipping. The total ships lost, embraced in the day's reports, is five.
